See your entertainment grow, seamlessly.

Clarion's H.M.I. concept is the driving force behind our relentless pursuit of the ultimate human-machine interface. The goal is to bring music and information to people in mobile environments for seamless enjoyment of high-quality entertainment. With Clarion, your car is transformed into the ultimate personal theatre – a front-row concert seat – with broad compatibility that tears down the barriers to the outside world.

Exciting operation

Clarion H.M.I. makes operation more exciting and interactive. Touch panel keys provide an intuitive way of accessing a multitude of functions with state-of-the-art looks while minimising the surface area necessary for buttons. Touch it, and let the excitement begin.

Advanced technology

Cutting-edge audio technologies like BBE® MP to improve compressed digital audio sound and Beat EQ's 3-band parametric equaliser are present throughout most of the line-up. Support of DivX® files helps broaden the scope of your entertainment. Advanced graphics technologies contribute to stress-free viewing.

Comprehensive connectivity

iPod connectivity with full control includes search function complete with iPod audio and video support. Bluetooth® for safe hands-free calling and audio streaming. USB and AUX connections to access music on portable devices. Together these create an in-car environment where you're assured of seamless enjoyment of the music you love.
