

Connectivity, expandability and performance are the calling cards of the MAX675VD. This 2-DIN Multimedia station can do anything you want. Connect our HDD Navigation system to help you find the way, or our 5.1 channel surround decoder for a sonic experience that rivals the best movie experience you've ever had. The MAX675VD of course features Clarion's benchmark iPod® user interface – the best iPod control available – and the ability to watch iPod video too. The MAX675VD - the benchmark for mobile entertainment.

Experience multimedia like you've never seen it before with the Clarion MAX675VD (2-Din Multimedia Station).

iPod Video Ready

MAX675VD

2-DIN DVD MULTIMEDIA STATION WITH CeNET & 7-INCH TOUCH PANEL CONTROL

• DVD±R/DVD±RW/CD-R/CD-RW/VCD ready • MP3/WMA compatible with ID3-TAG display • 18 FM / 6 AM station presets • DSP tuner with variable bandwidth • iPod direct connection and control • 2-Zone entertainment: Front and Rear separate source control • 24-bit D/A converter • 3-band parametric equalizer • 50 W x 4 Built-in MOS-FET Amplifier • Fully motorized 7-inch QVGA color LCD monitor • Touch panel control with soil-resistant finishing • Adjustable display brightness • Phone mute • 1 AUX AV input (2 ch audio + video) • Video output for rear entertainment • 6 ch RCA output and 2 ch RCA output for 2-Zone • CCD camera direct input • CeNET Control of: Navigation, DVD Changer, 5.1-channel decoder, TV tuner, 6-disc CD changer and Satellite receiver • 1 optical output • RGB input for navigation

Made for iPod

Clarion is the leader in iPod connectivity. Take full control over your iPod menu's to find the song you want in seconds. For a more immersive experience, serve up your favorite movies or TV shows from your iPod Video directly to the screen of your MAX675VD. Clarion's iPod interface is so intelligent.

* CCA670 "iPod connecting cable for music playback" or CCA673 "iPod connecting cable for music and video playback" is required.

HDD Navigation

Expand your horizons with the NAX970HD Hard Disk Drive Navigation system. This system seamlessly integrates with the MAX675VD and VRX775VD for easy-to-use touch panel control and high-resolution graphics. Thanks to our proprietary high speed signal processing and dedicated navigation CPU, route planning is faster than anything you've ever experienced. With an on-board Graphics Processing Unit, high-resolution 2D and 3D images and menus provide detail and ease of use that is unmatched.

Thanks to a motorized 7-inch folding LCD, you can have full-sized entertainment in any vehicle. The VRX775VD evolves the capabilities of a DIN-sized source unit beyond your wildest dreams. Our advanced Human Machine Interface allows you to quickly and intuitively take control of the VRX775VD. Plug in your iPod or connect a Satellite Radio receiver for even more options. With a 24-Bit D/A Converter and six channel pre-amp output with 2-Zone control, your dash is now the control center for your mobile theater experience.

**A lot of multimedia function in 1DIN space
Massive Multimedia functionality in a compact package**

iPod Video Ready

VRX775VD

DVD MULTIMEDIA STATION WITH CeNET & 7-INCH TOUCH PANEL CONTROL

- DVD±R/DVD±RW/CD-R/CD-RW/VCD ready • MP3/WMA compatible with ID3-TAG display • 18 FM / 6 AM station presets
- DSP tuner with variable bandwidth • iPod direct connection and control • 2-Zone entertainment: Front and Rear separate source control • 24-bit D/A converter • 3-band parametric equalizer • 50 W x 4 Built-in MOS-FET Amplifier
- Fully motorized 7-inch QVGA color LCD monitor
- Touch panel control with soil-resistant finishing
- Adjustable display brightness • Phone mute • 1 AUX AV input (2 ch audio + video) • Video output for rear entertainment • 6 ch RCA output and 2 ch RCA output for 2-Zone • CCD camera direct input • CeNET Control of: HDD Navigation, DVD changer, 5.1-channel decoder, TV tuner, 6-disc CD changer and Satellite receiver • 1 optical output • RGB input for navigation
- Detachable control panel • Bluetooth Interface Ready (Optional BLT370)

2-Zone Entertainment

The VRX775VD and MAX675VD features true 2-Zone entertainment. This means front seat passengers can enjoy the radio, a CD or follow the directions from our navigation system while rear seat passengers enjoy a DVD or play a video game through an overhead or headrest display. With 2-Zone entertainment, everyone in the vehicle is entertained.

Digital Media Ready

If it's on an optical disc, bring it with you. The VRX775VD and MAX675VD can handle it. From your favorite CDs to the biggest blockbuster DVD titles, the MAX675VD will recreate them with all the realism and detail you'd expect. It's ready for your digital media collection as well, with MP3 and WMA audio playback and Video CD decoding. The VRX775VD and MAX675VD is the perfect choice to be at the heart of your mobile entertainment system.

Bluetooth Ready

You've got hundreds of your favorite songs stored on your cellular phone or iPod and it's time to free them. Let the Clarion and Bluetooth bring these songs to life like you've never heard them before. You can also use the BLT370 as a hands-free kit for your cell phone, so you can keep your hands on the wheel and your eyes on the road. (VRX775VD)

Maps are maps – they contain information on roads and highways. However, how you use those maps is what makes the difference. Clarion has long been a world leader in navigation technology, manufacturing systems for some of the most prestigious clients on the planet. Clarion combines a High Speed 30 GB Mobile Hard Disk Drive with dedicated Central and Graphics Processing units for fast and accurate route calculation. In fact, if you blink, you'll miss it. Folding paper maps has become a thing of the past with Clarion's HDD Navigation.

Advanced HMI Interface

Clarion's 3D menu system featured on the HDD Navigation system makes entering destinations or searching through 9 millions of points of interest a breeze. This is all part of Clarion's exclusive Human Machine Interface.

Uniquely Customizable

Fine tuning the way you use your navigation system takes H.M.I. to the next level. Turn on Intersection Zoom to bring up detailed information on your next turn or highway exit. You can also activate the turn list, to let you know the next three maneuvers, and the distance to each one. Clarion provides you with the ultimate tool to get you where you want to go.

Easy to Use

Navigating your navigation system is easier than ever. Large buttons combined with a configurable interface make getting the information you want simple and safe.

See Things Your Way

Choose from either a 2D aerial view of the street maps, or a 3D 'just above the horizon' view to make seeing where you want to go easy. You can even choose from a split screen configuration with two 2D maps at different scales or a 2D/3D configuration. It's all in the details, and Clarion has them all covered.

Location, Location, Location

Featuring a mapping database by Navteq, we're capable of providing nearly 9 Million points of interest. Whether you are looking for a place to eat, or the location of your next meeting, Clarion has you covered.

Graphics Processing

As a world leader in the development of H.M.I., Clarion has implemented a dedicated Graphics Processing Unit to allow our navigation products to create high resolution full-motion 2D and 3D menus with large, intuitive, easy to read buttons. There's nothing else like it.

Touch Screen Control

The NAX970HD can be used with either the MAX675VD or VRX775VD to realize a fully integrated Audio, Video and Navigation system from a single interface. A simple touch of the screen is all that's required to get you started.

NAX970HD
HDD NAVIGATION SYSTEM

- Compatible with MAX675VD or VRX775VD
- Touch Screen Operation
- Audible Voice Commands in 3 Different Languages (English / French / Spanish)
- 30GB Built-in High Speed Hard Disc Drive
- Built-in Gyro Sensor
- Quick access to Short Cut menu
- Comprehensive 9M Points of Interest Database
- Automatic Route Recalculation
- Turn by Turn Voice Prompts
- Front Panel USB Port

High Speed Hard Drive

Our High Speed 30 GB Mobile Hard Disk Drive is loaded with maps of the US and Canada, including nearly 9 million points of interest. This means, no matter where you want to go, Clarion's HDD Navigation systems can get you there.

Seamless Operation

The combination of our high sensitivity GPS receiver and our on-board gyroscope, combined with simple vehicle connections allow the NAX970HD to operate like it came installed from the factory. It knows where you are, which way you are going and helps you get where you want to be like no other system. It's so easy to use, the NAX970HD can almost read your mind.

An installation friendly GPS antenna provide added flexibility and safety.

USB Ready

The NAX970HD features a USB port on its front panel. You can download new wallpapers from www.clarion.com to customize your background. With the unsurpassed level of configurability of the NAX970HD, you can even back up your user data to a USB memory stick. At Clarion, we think of everything.

The VRX575USB takes high-end multimedia to the masses. Equipped with our industry leading iPod® user interface with video playback, a USB Connector, 2-Zone entertainment and compatibility with the Clarion BLT370 Bluetooth® interface – the VRX575USB provides you with functionality like you'd never expect.

Setting new standards for features and performance.

Keep everyone entertained – with 2-Zone entertainment, you can enjoy your favorite radio station while your rear seat passengers enjoy a DVD movie via any of Clarion's fine rear seat entertainment products.

USB Equipped

Connectivity means being able to connect what you want, when you want to whatever you want. Clarion knows connectivity and so does the VRX375USB. We've equipped the VRX375USB with a USB connector for easy access to your music collection, Bluetooth compatibility via the BLT370, an OEM Steering Wheel control interface input and a rear view camera input. Combine this with MP3/WMA and iTunes® AAC file format decoding, iPod audio and video connectivity and 2-Zone entertainment Clarion offers everything you ever wanted

DivX, DivX Certified, and associated logos are trademarks of DivX, Inc. and are used under license.

As the available space in the vehicle's interior diminishes, Clarion offers a creative solution for mobile entertainment. By incorporating DVD video playback and audio playback of MP3 and WMA music files, Clarion has maximized the available space in the dash. When partnered up with headrest monitors or an overhead monitor, it's the ultimate rear seat entertainment center. Simply put, let Clarion entertain you.

Encapsulating mobile entertainment desire into a single DIN chassis

VB475 DVD/CD/MP3/WMA RECEIVER

- MP3/WMA Compatible • DVD±R/DVD±RW/CD-R/CD-RW Ready • 18 FM/12 AM Presets • 24-Bit D/A converter • 6 ch / 2V RCA Output with Subwoofer Volume Control • 45 W x 4 Built-in Amplifier • 2 Composite Video Outputs • 2 ch RCA Auxiliary Input • Remote Control Included • Detachable Control Panel

Ecstasy in the Audio Video Domain

Adding a Clarion digital monitor will mesh the clarity of sound and the sharpness of video. Further enhance the experience with Clarion's array of amplification and sound reproducers. Getting there has never been so much fun. By supporting the various audio formats and video playback, Clarion ensures everybody along for the ride will be entertained. - And for those instances when your media isn't on a disc, just plug right into the Auxiliary Inputs on the unit. - Tranquility in the car... PRICELESS!

Combining Man and Machine

It's not just a cliché, it's a philosophy. - Clarion believes that form and functionality should be as one. That's why we include easy to access volume controls, positive reflection buttons and an easy to read LCD display as necessities. Experience Clarion's exclusive H.M.I. for yourself.

Can't Get Enough Music

With the DVD capabilities, play 100's of songs on a single DVD disc and throw away all those cumbersome cases. Enjoy high fidelity music with our 24-bit digital to analog converter that makes your music come to life.

"Are we there yet? Are we there yet?" That plagued sentence will become extinct with Clarion's rear seat entertainment systems. Featuring overhead monitors ranging in size from 8" to 15" with built-in DVD players and wireless headphone transmitters - peace of mind is only a press of a button away. Our high-resolution TFT active matrix LCD monitors reproduce vivid colors and dimension from your favorite DVD. Now the problem will be prying the kids out of the car when you reach your destination.

Home Theater, more like "In-Car" Theater. Clarion's overhead monitors combine all the comforts of home into a compact overhead package.

Multimedia means more than offering a few different monitors. We offer a full line of multimedia accessories from video distribution amplifiers, multi-source switchers, TV tuners, DVD players, center channel speakers and wireless headphones. Clarion can transform a simple rear seat DVD system to a full-blown show car system

Clarion has your multimedia needs covered.

MSS430
"SOURCE COMMANDER"
MULTI-ZONE A/V SWITCHER

- Multi-Source Switching of 4 Audio/Video Source with up to 3 Different Zones (Monitors) • 4 RCA composite Audio/Video Inputs • 3 RCA composite Audio/Video Outputs • 3 Individual Wired Control Stations • Rear Camera Reverse Trigger Input • Allow Simple Switching among DVD, VCR, TV, Rear Vision Camera or Gaming System

Multi-Zone Systems

Clarion's MSS430 multi-zone "Source Commander" is an advanced audio and video switcher with a built-in video amplifier for exceptional video signal on up to three monitors using Composite Video inputs. It can accept up to 4 different video sources (such as DVD, Portable Media, Video Game and Rear View Camera) and send any combination of the source inputs to each of the three zones independently. Each zone contains a Composite Video output for a monitor and 2 channel RCA outputs for headphones or a zone amplifier/processor. This configuration is ideal for traditional candidates like SUVs and large sedans, but the possible applications extend to recreational vehicles, travel coaches, limousines and ultra high-end executive vehicles. Clarion has all the necessary support items like WH104 / WH204 / WH105 wireless headphones, several LCD monitor choices and even FM modulators. Clarion multimedia is the future.

Precision guidance and intuitive features accentuate the uniqueness of the N.I.C.E. 430. With a fixated LCD panel visible in daylight and soft on the eyes at night, maneuvering through the menus or entering an address can be done with ease. And with the integrated Bluetooth phone interface, making and receiving calls can be done effortlessly without taking your eyes off the road. N.I.C.E. 430, taking portable navigation to another level.

Remarkably easy- N.I.C.E. guides you accurately and powerfully

The N.I.C.E. acronym describes Clarion's synergy of technologies that integrate Navigation and In-Car Entertainment into a single product. There's really nothing else like it. N.I.C.E. takes the popularity of transportable GPS navigation unit with a built-in GPS antenna and combine it with a flexible (split capacity) Hard Disc Drive for both mapping and entertainment. As a navigation system, these have all of the power you'd expect including a 4,000 capacity address book, 2 million POIs throughout the fully mapped US and Canada, voice prompts, multiple route selection options and mapping views and a convenient touch screen HMI. The 20GB Hard Disc Drive is split to allow 10GB of music, video, or photo storage and playback. N.I.C.E. also syncs with a PC for contacts, address book and scheduling data via USB 2.0 because it's portable with a rechargeable battery.

Transportable Navigation and Entertainment

N.I.C.E.

NAVIGATION IN-CAR ENTERTAINMENT SYSTEM

- 7-inch Digital Touch-Screen TFT LCD Monitor
- 20GB Hard Disc Drive for Data Storage
- Full Featured Menus
- Built-In Speaker System
- IR Remote Control
- Adjustable Brightness Control
- Simple Mounting Solution
- Carrying Case
- USB 2.0 and 1.1 Ports

Navigation

- Built-In GPS Navigation Including Antenna
- Simple Destination Input with Touch-Screen
- Turn-By-Turn Voice Prompts
- Selectable Route Guidance
- Multiple Mapping Views: 2D, 3D and Split Screen
- Onscreen Compass and Distance Indicators
- Automatic Route Recalculation
- 2 Million Points of Interest
- 4000 Capacity Address Book
- Instant Recall of Last 15 Destinations

Entertainment

- Music Storage and Playback (MP3, WMA, WAV)
- Digital Photo Album Including a Slide Show
- Sirius Satellite Ready with Optional NAVSIR
- Audio/Video Input for External Sources
- Rear Camera Input with Reverse Gear Control

Included

- Window-Mount Suction Cup
- Home and Car Power Supplies
- Remote Control
- Audio Video Cable
- Camera Input Cable
- Cleaning Cloth

Robust Touch-Screen Monitor

The TFT LCD monitor on the N.I.C.E. units displays high-resolution images and graphics that are visually impressive, yet provides sensible touch screen control icons. Maps appear clearly in 2D, 3D or Split screen. Text menus are easy to read and navigate. Pictures are vivid and colorful (even using the handy slide show function). Movies and video playback are outstanding. The touch screen control means your next destination or entertainment choice is as close as your fingertip.

10GB of Entertainment

Half of the unit's 20GB Hard Disc Drive is reserved for storage of entertainment media. You can load a variety of audio or video formats as well as photo albums that you can display with a slide show feature. Once stored, select the "Photo" icon to watch a slide-show or select the "Music Playback" icon to play audio files through the existing sound system. All transfer between the unit and storage device is done using the built-in USB port.

Connect to Sirius Satellite Radio

With the addition of Clarion's NAVSIR Sirius Satellite Radio tuner and antenna, you can seamlessly access over 120 channels of Sirius Satellite Radio's coast-to-coast programming at the touch of a button. The audio programming from Sirius is broadcast directly to the vehicle's existing radio or the internal speaker. The display also shows all of the important Sirius programming text.

Inputs for External Video Sources

The high-resolution TFT LCD isn't just for navigation and touch screen control. Users can easily connect a variety of other video source units to the audio/video input such as rear view camera, video game system, external DVD or VCR, or the output of a digital camera. Just select the "A/V" option on the touch screen after connecting and you're ready to watch.

N.I.C.E. 430 PORTABLE NAVIGATION SYSTEM
