Navigate with Style

NX700
DVD MULTIMEDIA STATION WITH BUILT-IN NAVIGATION & 7-INCH TOUCH PANEL CONTROL

Hands-free Microphone included

CEA 2006 Power Ratings
20W×4 RMS [4Ω@14.4V≤1% THD+N]
S/N 84dB (Ref:1W into 4Ω)

MULTIMEDIA

Made for iPod · Works with iPhone · Bluetooth® · SAT RADIO READY · DivX · BBE MP

Graphical User Interface

Only three buttons on the front panel — the rest is handled by the intuitive graphical interface that displays a variety of functions from navigation to entertainment.

Volume − · Source · Volume +

Microphone

Built-in Bluetooth® for Hands-free Calling

Wirelessly connect your Bluetooth capable cell phone to listen to calls through your vehicle's audio system. HFP is supported.

Superior iPod® and iPhone™ Connectivity

*For compatibility details, please visit the Clarion website. Playback of iPod Video requires the optional cable CCA723/748.

Built-in Navigation System

Count on GPS accuracy and an efficient mapping engine to guide you to your destination. Internal flash memory provides fast access to data, while 3D rendered graphics give you a realistic view of the route you're on.

MULTIMEDIA

TechnoPhile: iTunes® Tagging

iTunes® Tagging allows listeners to "tag" songs heard on their HD Radio Receiver. Tagging saves the song's title and metadata to a connected iPod. When the iPod is synced to iTunes, a playlist is generated with links to the iTunes Store where the song can be purchased and downloaded.
